

WE ARE HIRING!

TRAINEE SOFTWARE DEVELOPER

We are looking for an enthusiastic Trainee software developer to join our experienced software design team. You will report directly to the development manager and assist with all functions of software coding and design. Your primary focus will be to learn the codebase, gather user data, and respond to requests from senior developers.

Key Responsibilities

- proven experience as a Laravel Developer or similar role.
- Strong proficiency in PHP, MySQL, JavaScript, HTML, and CSS.
- Familiarity with front-end frameworks (e.g. Vue.js, React, Angular) is plus.
- Knowledge of RESTful APIs and web services.
- Experience with version control systems (e.g. Git)

Requirements

- Good understanding of database design principles and optimization techniques.
- Strong problem-solving skills and attention to detail
- Excellent communication and teamwork skills.
- Bachelor's degree in Computer Science, Engineering, or a related field is preferred.

The selected candidate is assured of an attractive remuneration package. Send your detailed resume to careers@dtech.lk along with contact details of two non-related referees within 10 days of this advertisement.
