

We Are HIRING

Management Trainee

FineFinish Engineering, an ISO-rated leader in Sri Lanka's Mechanical Engineering service sector, is experiencing rapid growth. We serve over 100 reputed local manufacturing and BOI companies, along with the country's largest foreign-funded projects.

Key Responsibilities:

- Participate in training programs covering various aspects of business management.
- Work closely with senior leaders to understand business operations, strategies, and objectives.
- Contribute to projects across marketing, sales, finance, and operations.
- Analyze data to propose innovative solutions and make informed decisions.
- Engage with customers to understand their needs and enhance service quality.

Qualifications:

- Bachelor's degree in Business Administration, Management, or related fields.
- Strong analytical, problem-solving, and communication skills.
- Proactive with a willingness to take on new challenges.
- Ability to work effectively both in a team and independently.

What We Offer:

- Supportive and engaging work environment.
- Opportunities for personal and professional growth.
- Competitive salary and benefits package.
